At the request of the Chairs of the Senate Budget and Taxation Committee and the House Appropriations Committee, the Department of Budget and Fiscal Planning in 1994 convened a task force to study child care and child development programs in Maryland. The Task Force focused on two issues: the need for year-round child care programs for full-time working Marylanders, and greater coordination by the State Department of Education and the Department of Human Resources in using State and federal funds to meet these needs.

The Task Force submitted its final report and recommendations in November 1994.
